

Boxxe

Access **Chevin** through pre-established framework routes via Boxxe

Value for UK buyers

- Access multiple suppliers through one procurement source
- Simplified contracting and procurement
- Consolidated invoicing across vendors

boxxe

Tech Solutions

About the framework

Boxxe acts as a framework holder and reseller, enabling customers to procure Chevin solutions via a broad range of existing frameworks, providing maximum flexibility in your procurement process.

How to buy

- Engage **Boxxe** as a supplier
- Chevin will work closely with the Boxxe team and you during the process
- Execute contract with Boxxe and work directly with Chevin on service delivery
- Access to Chevin is available via any framework preferred by your procurement team, even if it doesn't show Chevin directly

 chevin

- Active framework access via Boxxe
- Always-on availability
